App.Sq.Ft.	5,590	Age	1991
Foundation	Concrete float	Water	on site
Garage		Zoning	
Heat	oil forced air		
Legal Dscp.			
Appliances	Range, Refrigerator		

Currently afloat in Thorne Bay, this 5,590 s.f. school has unlimited potential. The structure is completely self-sufficient, with electrical generation, fresh water and effluent treatment systems. Built on a concrete float with a 69' alluminum gangway. Built as a school with classrooms/offices on the first floor and a 3BR2BA apartment on the second. This would also make a wonderful home or fishing lodge.
