

Floating School

Currently moored in Thorne Bay, this 5,590 s.f. former school has unlimited potential. The structure is completely self-contained, with electrical generation, fresh water and effluent treatment systems. Constructed on a concrete float accessed via a 69' aluminum gangway. Designed and used as a school with classrooms/offices on the first floor and a 3BR2BA apartment on the second. Multiple uses abound, some ideas include a private retreat fishing lodge or floating home.

Price	\$1,600,000	Name	Southeast Island
Type	Commercial	MLS #
